

POLICY COMMITTEE REPORT TO DEC JANUARY 14, 2026

Committee to review and ensure alignment between our Ends Policies and the current District Improvement Plan.

The Committee has done the review as requested and proposes the following motion:

MOVED THAT, the current Ends Policy 2.2 titled Student Engagement be rescinded and replaced by a new Policy 2.2 titled Student Achievement to be worded as follows on our website:

Policy Statement

Student success is a shared responsibility involving the Minister of Education, District Education Council, Superintendent, teachers, parents and students, all with defined roles and expectations outlined in the Education Act and regulations.

ASD-S will use research-based opportunities so that all students experience high level achievement.

Students are expected to be interested, motivated, and actively participate in their learning.

This includes but is not limited to:

- Best practices in instruction
- Diverse and innovative learning environments
- High achievement on provincial assessments
- Collaboration between home and school
- Students regular and punctual attendance
